

Delivery & Shipping Policy

Document Code: DEL-001 | Version: 3.1 | Effective Date: 1 Jan 2026

1. Purpose

This policy outlines shipping methods, delivery timelines, fees, and customer responsibilities for receiving orders placed on the platform.

2. Delivery Options

- Standard Delivery — the default option for most orders.
- Express Delivery — available for select items and locations at an added fee.
- Scheduled Delivery — customer selects a preferred delivery date/time window.
- Store/Locker Pickup — customer collects the order from a designated point.

Zone	Standard Delivery	Express Delivery
Major City (Metro)	2–4 business days	Next-day, where available
Secondary City	3–6 business days	1–2 business days
Remote / Rural Area	5–9 business days	Not typically available
Cross-border Import	7–15 business days	Not available

3. Shipping Fees

Shipping fees are calculated based on item weight, dimensions, delivery zone, and any active free-shipping promotions or minimum-order thresholds. The exact fee is always shown at checkout before payment confirmation.

4. Failed Delivery Attempts

Couriers will typically attempt delivery up to three times. If delivery cannot be completed, the customer is notified and the parcel may be held at a local hub for pickup or returned to the seller, in which case a refund is issued minus any applicable shipping fee.

5. Tracking

A tracking number is generated once the seller hands the parcel to the courier. Customers can track status in real time from the "My Orders" page or via the courier's own tracking portal.

6. Customer Responsibilities

- Provide an accurate, complete delivery address and a reachable phone number.
- Be available at the delivery address during the estimated delivery window.
- Inspect the package for visible damage before accepting delivery where possible.
