

Return Policy

Document Code: RET-001 | Version: 2.3 | Effective Date: 1 Jan 2026

1. Purpose

This policy defines the conditions under which customers may return items purchased on the platform, the eligible return window, and the process sellers and customers must follow.

2. Standard Return Window

Most items are eligible for return within 7 to 15 days of delivery, depending on the product category. The applicable window is shown on each product page at the time of purchase.

Category	Return Window	Condition Required
Fashion & Apparel	14 days	Unworn, tags attached, original packaging
Electronics & Gadgets	7 days	Unopened box or confirmed manufacturing fault
Home & Living	10 days	Unused, original packaging
Beauty & Personal Care	Not returnable once opened	Seal must be intact
Groceries & Perishables	Not eligible for return	N/A
Large Appliances	7 days	Technician verification required

3. Non-Returnable Items

- Personal care, cosmetics, and intimate apparel once the seal is broken.
- Perishable goods, including fresh food and flowers.
- Items marked "Final Sale" or "Non-Returnable" on the product page.
- Customized or made-to-order products.
- Digital goods, vouchers, and gift cards after redemption.

4. How to Initiate a Return

Customers can initiate a return from the "My Orders" section by selecting the item and choosing a reason for return. A pickup will be scheduled, or the customer may be asked to drop the item at a nearby collection point.

5. Return Approval and Quality Check

Returned items undergo a quality check (QC) upon arrival at the returns hub. Items that fail QC (e.g., missing accessories, signs of use, damage not disclosed at pickup) may be sent back to the customer instead of being processed for refund or replacement.
