

Seller Onboarding Policy

Document Code: SEL-001 | Version: 1.9 | Effective Date: 1 Jan 2026

1. Eligibility to Sell

- Valid business registration or national ID for individual sellers, depending on local marketplace rules.
- A valid bank account or e-wallet in the seller's registered name for payouts.
- Compliance with category-specific licensing (e.g., health products, food items, electronics with safety certification).

2. Onboarding Steps

- Submit business/individual verification documents.
- Complete seller profile, including store name, logo, and pickup address.
- Pass a product listing quality review for the first batch of listings.
- Set up a payout account and confirm bank/wallet details.
- Complete mandatory seller policy acknowledgement and training modules.

3. Listing Requirements

- Accurate title, description, and category placement for every product.
- At least one clear, non-watermarked product image per listing.
- Honest pricing — no artificial discount inflation.
- Correct stock quantity kept up to date to avoid overselling.

4. Probation Period

New sellers typically operate under a 30–60 day probation period with closer monitoring of order defect rate, cancellation rate, and delivery performance before gaining full seller privileges such as higher listing limits or promotional eligibility.

5. Account Suspension Triggers

- Persistent late shipment or high order cancellation rate.
- Selling counterfeit, prohibited, or restricted items.
- Repeated verified customer complaints of item-not-as-described.
- Manipulating reviews, ratings, or order data.
